

# BANU ZAHID

## ABOUT ME

I am a bachelor of mechanical engineering from the University of Muhammadiyah of Prof. DR. Hamka. While in college I was active in the organization, becoming a committee, instructor, and speaker. I'm an adaptable person, like new things, challenges, and can work with a team. At work, my orientation is the target and the ability to develop my potential. The internship experience provides knowledge of the industry and works culture.
