### SUMMARY

As a young fresh graduate, I proclaim myself as a person who is extremely motivated in developing my gifted skills constantly and growing professionally. I believe in my abilities to adapt to new things and think critically would be 2 things to be considered as my positive contribution to any companies I will be working for. By this far, I'm familiar with the situation of either team or individual work. Both of my fun and passionate characteristics are happened to create a friendly working environment, so any best results requested are positively presented upon my service days.
